01 — 波

Waves

Life moves in waves.

Some mornings are slow, some evenings are full. Seasons change, families grow, plans shift. A home should hold you through all of it — and still feel like yours.

02 — 並

Side by Side

Different, together.

Japan and Australia. Old and new. Nature and architecture. Light and shadow. We don't blend them into one — we let each keep its character, and find the balance between them.

Nest And Memories Inside

Four letters, one idea

N **Nest**
A place you want to come home to

A **And**
Connecting people, space and nature

M **Memories**
Time spent here becomes memory

I **Inside**
The feelings that stay, not just the things

WHY THIS NAME

A Name We Carry With Care

And a promise behind it

We wanted a name that holds everything we believe a home should be — calm yet changing, different yet balanced, full of memories. Putting NAMI on every space is our promise: to design with care, and take responsibility for every home we touch.

OUR ROOTS

Backed by 20+ Years of Building Homes

Together with Japan Homes

NAMI grows from our connection with Japan Homes, who have built homes across Australia and New Zealand for over 20 years. We carry forward their belief in homes that are both beautiful and practical — and in better ways of living.
